MORE BEAUTIFUL

GÜRAL Porselen

MORE THAN MERE PORCELAIN...

A unique brand that brings together craftsmanship, art, quality and success: Güral Porselen

We have always wondered how to achieve the best, with a focus on creating the perfect porcelain since 1989. Each time we learnt how, we were rewarded with success. We have transformed ourselves into one of the most respectable porcelain brands in Turkey and the world.

We have created a new porcelain culture in order to convey Turkey's century-old craftsmanship culture and aesthetic heritage to future generations. This culture has added value not only to our country, but also to our employees since the very beginning.

We undertake more and more R&D; activities in our production facilities to contribute to porcelain culture.

We exercise utmost care to prepare for future options imprinted on the spirit of the past, where we combine craftsmanship and art through modern production techniques and traditional handcraft methods.

We believe that porcelain represents an endless success story, which survives through storytelling, and grows and reaches masses through creating.
